

INTRODUCTORY REMARKS OF MY SCHOOL IN WRITING

Welcome to Cambodia-japan friendship middle and high school!

Cambodia-japan friendship middle and high school is located in PREY VENG province, Cambodia. The School was initiated by Mr Kong Vorn and it was built in 1999. He is the school founder. And Cambodia-Japan Friendship Middle and High School (CJFS) is on a plot of his own land of 3.7 hectares. In the academic year of 1999-2000 there was only one building with 6 classrooms and there were only 274 students applied for entrance exam to Cambodia-japan friendship middle and high school even though 330 were selected. In the academic year of 2016-2017 there are 47 teachers including 15 female teachers have been teaching over 1600 students. The reasons why students want to study at Cambodia-japan friendship middle and high school is that: We teach 6 hours per day and also there are Japanese and English in the education program. Teachers are rarely absent in their teaching and they have talent specialized in their specialization. Students obey to the regulation because teachers and staffs of Cambodia-japan friendship middle and high school are good sample for them. There are scholarship for poor students. Cambodia-japan friendship middle and high school is such as a green school. There are a lot of gardens and trees. The education standard has improved. Over 13 subjects are being taught including Japanese and English. Cambodia-japan friendship middle and high school developed as today because of such 6 buildings, a big library, teacher dormitory, students' dormitory as well as information technology room, laboratory, 4 small guest houses, meeting stage, music class. We, Cambodian people would like to express profoundly appreciation for the kindness that Japanese have been doing to Cambodian people.
